Belvoir, VA 22060, regarding the death of Mr. HASSAN, while being detained at the Abu Ghraib Detention Facility, Camp Vigilant, Baghdad, Iraq.

Investigation established probable cause to believe Mr. HASSAN committed the offense of Rioting, when he incited other detainees to riot by trying to overtake the Military Police (MP) guards inside of the compound utilizing rocks and tent poles, posing a credible threat to the MP guards. As a result, lethal force was justifiably used against Mr. HASSAN, which resulted in his death.

want to make the following statement under oath:

I deployed to Iraq about May of 2003. Our unit set up for our convoy to Baghdad from Kuwait. I was a sergeant with the 72<sup>nd</sup> Military Police Company I was the 2<sup>nd</sup> Platoon Third squad leader. When we first hit Abu graid prison it was nothing but an abandon prison site. I was told by the First Sgt. [REDACTED] that we needed to set up the compound to hold approximately 600 prisoners and that this night we were to receive approximately 100 prisoners. We didn't have proper tools or supply's to set up a complete compound. We did the best we could using what we had. Most of the outside prison was made of tactical wire only. We used two sides of the inter prison walls as part of the containment. Because this was a previous prison we were able to use some of the prison towers as elevated position over the compound. There was one "yard tower" that had the best view over and into the compound. The prison was build into sections to segregate inmates. Between the sections of the outside and inside compound we left a large walkways so to keep distance from inmates and guards during feeding, during count time, and gen. Watch. At no time did we allow weapons other than MP batons into the enter part of the prison. This was to keep weapons away from inmates and allow assess to guards an escape route in case of a prison riot. Outside the compound we had roving guards armed with shotguns. The towers were armed with M-16 rifle or shotgun. If something was to go off the inter guard would alert with the sound of a whistle. Our commutation was limited to hand-held radios that didn't always work because we didn't always have batteries. Our company was tasks with many missions from convoy escort, prisoner transports and the fact we handle our own perimeter force that keep us going and kept us apart for others platoon duties. Our platoon handles the dayshift (0400-1600) while 1<sup>st</sup> and 3<sup>rd</sup> platoon handle nightshift (1600-0400). With heat, conditions, hours, and nightly mortars attacks soldiers sleep and eating habits started to run soldiers down. During the first two months most of the problems dealing with inmates were because of lack of translators, running out of water, lack of food, lack of shelter, no bathrooms or showers, no bedding and most of all medical care. We try to keep them in line with what we had but we didn't have much. By June of 2003 the heat and condition were affecting the inmates and the soldiers. On June 13<sup>th</sup> 2003, about 1500 my squad and I were tasked with a mission to transport inmates to Baghdad for release. We return to back to the prison after 1600. As I was turn off my hummer it came a distress call from the radio I rush towards the compound with part of my squad and other members of our platoon. I could hear multiple shots coming from the towers so I held our soldiers back to stage at the door. At this time we here a yell from the yard tower "soldier down"! We ran into the outer gate of the compound, I had over my rifle and 9mm to the outer guard for safekeeping. Even during this point the towers were still laying out rounds. One of the solider working the inter-compound run up to me and said, " I was hit by a rock" as he point to his back [REDACTED] This solider was from a different unit. We were screaming to cease-fire as we enter the compound. I had the soldiers line up in front of the gate of section of compound the inmates were screaming for help for an inmate that had taken two shots to the body. I open the gate and call for the inmates to back up to the rear of the compound. Many of the soldiers were of our platoon along with my first sergeant. As we pushed the crowds of inmate towards the back, an other group extracted the wound inmates.

On this date we didn't have much medical personnel to handle all this so we relied on soldiers with combat lifesaver training to help. We exit the first section of the compound and line up again to extract the wounded inmates of the second section. This time some of the inmates were faking injuries to get out, this cause us delays in extracting the real wounded inmates. The entire group of wound were placed and cared for in an open compound some were then transport by truck to a medical hard site. The First Sergeant and myself called for the inter-guard to point out the inmate who had thrown the rock at him. He stated he had a blue shirt we pulled out a couple but the guard couldn't say which one it was. At this time I was handling the care of Spec. [REDACTED] who was overcome by heat and stress and having problems breathing and also I had somehow injured my left knee during this fight. After getting Spec. [REDACTED] breathing right the medic who gave more care relieved me. I was call over by my platoon Sgt. SFC. [REDACTED] who told me to gather my squad for another mission I was command to drive out to the near by town to find the police station and escort an ambulance back to the prison. The town was further then expected and with out support it toke awhile to get back to the prison. The local's people heard the shootings and had blocked the road with rocks and trash. We had to clear the road for the ambulance while maintaining security. We enter the inter walls of the prison; we were lend to building they were using to work on vehicles. Inside was the body of a male inmate. Lt. [REDACTED] was in the building she asked us to unwrap the inmate from the old piece of tent they wrap him up in. So that she could take pictures of the body the wounds. He had two bullet entry points one in the chest and the other to his upper side. We replaced him in to the old tent and put him into the ambulance. We then escorted the ambulance the same town to a local medical clinic. At the clinic myself and an other Sgt. went inside to locate the doctor. The doctor understood some English. We explained we had the body of an inmate in the ambulance; we didn't have any name only the inmate number given to him and his belt. The doctor became irate and started to cause a bad seen as a crowd of locals watch over us. We escorted the body down the street to a large refrigeration unit center being used for bodies. We left to the town back to the prison when we arrived many soldiers were taken back from situations of the past few hours. I could hear many discussions on how it was handle. Some soldier left their post in disguts and it was already causing problems among the platoons. The commander stated that they would start an investigation. They pick only a few soldiers to write up statements and within a week the Company Commander was informing that the shooting was justified and they were notified that the inmate was a past murder. I don't how they came across this information. I have the understanding that on this day many of the towers open fire inside the compound. I can't state what, who or why they were shooting since the injured inter guard was already exiting the inter compound. I was told later that the command to shoot was given from SFC. [REDACTED] from the yard tower. After that many towers open fired. I was told this information from a few soldiers in our company. I can't say who was in the towers but we did keep a daily log in the command post. Later I hear from Spec. [REDACTED] who recalls what she saw before leaving her post. I heard bits and piece of what happen from the towers but it was hard to believe any of it. This experience has shown me the importance of advance training and the need for proper supplies and guidance from leadership. I glad that many of the National Guard soldiers like myself came with training and experience from their civilian employment, it help solve many problems like this one before they started.

DODDOACID-004202

Q: SA [REDACTED] 7C1 b61

A: SGT [REDACTED] 7C4 b64

Q: What were the Rules of Engagement given to you by your command while tasked to guard the prison?

A: The same rules that apply to Garrison duties, however, there were no standard operating procedures until around the end of June 03 - July 04.

Q: Did prisoners ever attempt to escape?

Q: What actions were taken against the prisoners, when they tried to escape?

A: They would be apprehended and placed back with the other prisoners.

Q: Did the soldiers use any type of force to apprehend the prisoners?

A: Only the force necessary to apprehend?

Q: Can you explain what you mean by "the force necessary to apprehend?"

A: No lethal or non-lethal weapons were used. The prisoners were overmanned and taken to the ground using body to body contact. Then the prisoners were cuffed, carried back, and placed with the other prisoners.

Q: Did you ever see any excessive force used by members of your unit, against the detainees?

A: Only on June 13<sup>th</sup> 2003 when the towers opened fire on the inmates.

Q: Did you ever see any excessive force used by members of any other units, against the detainees?

A: No.

Q: When you arrived back at the prison at 1600, 13 June 03, were the towers already firing on the detainees?

A: No, it wasn't until I turned off my HUMVEE, and got a distress call over the radio to return to the yard.

Q: How long after you received the distress call, did the towers start firing at the detainees?

A: Approximately 30 seconds.

Q: Which yard tower yelled, "soldier down!?"

A: There is only one yard tower, the rest are perimeter towers that overlook the compound.

Interview was stopped at 2341, 13 July 04, in order for SA [REDACTED] 7C1601 to respond to a duty call received at 2338.

Interview was reinitiated at 1300, 14 July 04.

Q: Were you part of a Quick Reaction Team, that was called in when the prisoners began rioting on 13 June 03?

A: Yes.

Q: Were you given any specific orders when you were called to react to the riots on 13 June 04?

A: No.

Q: What were your reactions when you entered the prison compound?

A: We assessed that there was a detainee down and bleeding in the first section of the compound. I lined up a group of soldiers that were standing by, none of them were armed, opened the gate to the compound, and advanced towards the detainees. We pushed them back with our hands towards the back of the compound, and another group began picking up the wounded detainees and pulling them out of the compound.

Q: Do you know who gave the order to fire upon the detainees? 7C3603

A: No, but I was told later by a few of the soldiers, I think SPC [REDACTED] 7C3603 was one of them, that SFC [REDACTED] 7C3603 gave the order to fire.

Q: Was SPC [REDACTED] 7C3603 one of the guards who were firing from the towers into the crowd of detainees? 7C3603

A: No.

Q: Do you know how SPC [REDACTED] 7C3603 came about the information that SFC [REDACTED] 7C3603 gave the order to fire?

A: No.

Q: Is it standard operating procedure for soldiers to fire upon detainees, if a soldier goes down in the compound?

A: Yes, if they fear for the guards life.

Q: What was the name of the soldier who went down in the compound, when the riots began?

A: I don't know, he was from a different unit.

0132-04-0001014  
Q: What injuries did the soldier who went down in the compound sustain as a result of the rioting?

A: He showed me that he had been hit by a rock on his right back shoulder.

Q: Is a soldier who is injured by a thrown rock, justification for the use of deadly force?

A: Yes, if I were to see rocks and sharpened tent poles being thrown at a soldier, I may easily perceive it as life threatening, and use deadly force, especially in a combat environment where there are a few hundred detainees being guarded by less than ten soldiers pulling interior guard.

Q: Do you know the names of the soldiers who were firing from the towers on 13 June 04?

A: No, however, we kept logs of specific duties.

Q: Do you believe that all of the actions taken by the guards on 13 June 04, were justified?

A: I can only speak for the actions taken by my team of soldiers, and the other soldiers on the ground, as being justified. The rest I can say I honestly don't know.

Q: Do you know if there are any other soldiers who believe it was wrong to use deadly force on 13 June 04?

A: There were numerous discussions pertaining to this incident by all of the soldiers, but the only person I know specifically is SPC [REDACTED] 7C3663

Q: Did SPC [REDACTED] ever detail to you her view of the incident?

A: She told me she was having trouble with the detainees being shot upon, and the control team going into the yard. She stated that the attitudes that she saw from fellow soldiers disturbed her.

Q: What specifically did she disclose to you about the attitudes of the soldiers that disturbed her?

A: She felt the attitudes of "Victory," and "high-fiving," each other in the tower were inappropriate, as there were dead and wounded people in the yard.

Q: Did you ever see what caused the riots to begin?

A: No. I was pulling into the compound from another mission at the time.

Q: Did you ever see the soldier fall to the ground as a result of the rioting?

A: No. The soldier ran up to me as I was entering the compound with the QRF and told me he was hit by a rock.

Q: Do you have anything else to add to this statement?

A: I would like to say that the soldiers did the best they could, and that I still feel that our actions best served our country.

Q: Do you have anything else to add to this statement at this time?

A: No.///END OF STATEMENT///

[REDACTED] WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:  
On 13 June 2003, Specialist [REDACTED] and myself were assigned to tower number seven for that particular day. After a couple of hours, Specialist [REDACTED] notified me that our tower had been bombarded with stones coming from the yard below us. The prisoners had began grabbing what ever they could get their hands on and started throwing them at the MP's in the yard along with the surrounding towers. I then grabbed my shotgun and maintained a careful visual on the prisoners in the yard. Positioned at the ready, I saw one of the prisoners with a tent pole in his right hand charge towards the northernmost corner of his compound and attempted to joust one the fellow MP's in the yard as they were attempting to escape the compound from potential harm. I fired off my first round at the prisoner, which slightly was off centered, which impacted on the ground directly next to him. As I fired my second round at the prisoner he fell down to the ground, landing face first into the dirt. I then maintained further security while fellow soldiers ran into the yard to grab those individuals that were injured out of the compound.

AFTER THE FIFTH TIME IN MY ATTEMPTS TO CONTACT THE T.O.C. I SET MY M-16 DOWN AND PICKED UP MY SHOT GUN. BY THIS TIME SEVERAL MEN HAD NOW PULLED TENT POLES FROM THE TENTS AND WERE MOVING TOWARDS THE GATE. I SAW ONE M.P. ATTEMPTING TO CALM THE DETAINEES. BY THE MAIN GATE. A MALE ARAB WEARING ALL YELLOW CHARGED THE M.P. AT THE GATE IN AN ATTEMPT TO THROW A METAL TIPPED TENT POLE AT HIM. I CALLED OVER THE RADIO TO CLEAR THE YARD AND FIRED AT THE ARAB IN YELLOW. THIS SHOT ONLY DETERED ABOUT TEN DETAINEES FROM THE YARD AREA. I FIRED A SECOND SHOT AT A GROUP OF THREE ARABS WHO WERE COMING UP ON THE M.P. WHO WAS TRYING TO CALM THEM DOWN. TWO OF THE ARABS WERE THROWING STONES ONE THREW A TENT POLE AT THE M.P. THE YARD M.P.'S ATTEMPTED TO TAKE COVER BEHIND A GENERATOR BUT DID NOT MAKE IT. ON THEIR FIRST ATTEMPT. AT THIS TIME DETAINEES FROM CAGE #1 BEGAN TO THROW STONES. I FELT THE YARD M.P.'S WERE IN A SERIOUSLY DANGEROUS POSITION I WITNESSED ONE OF THE YARD M.P.'S GET HIT BY A ROCK ON A SECOND ATTEMPT TO TAKE COVER BEHIND THE GENERATOR. AS HE RAN FOR COVER A GROUP OF FIVE ARABS PURSUED HIM ALONG THE FENCE LINE. I FIRED AT THE GROUP TAKING AIM AT TWO ARABS WITH TENT POLES.

1. [REDACTED] 7C4604 WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH.

Q: SA [REDACTED] 7C1601

A: CPT [REDACTED] 7C4604

On 13 Jun 03, a disturbance was reported in the yard of Camp Vigilant. A detainee tried to escape and was immediately apprehended as he exited the wire. The MPs on duty attempted to do a count and ensure all detainees were accounted for. The detainees refused to cooperate and QRF was dispatched to the yard and the count was conducted. A short while later, QRF was dispatched again, when I heard the QRF being dispatched I proceed to the yard. Before I got to the yard I heard gunshots. When I got to the yard, other detainees were moving the wounded detainees to tents. The QRF entered the yard and moved the wounded detainees to the medical area of the compound. I assessed the situation and attempted to determine what occurred. The soldiers involved in the shooting were relieved from the towers and we began to investigate the shooting. After my initial assessment, ISG [REDACTED] conducted an investigation into the shooting.

Q: SA [REDACTED] 7C1601

A: CPT [REDACTED] 7C4604

Q: Did you witness any detainees running with tent poles?

A: No, everything was over after the shooting.

Q: Did you see any tent poles on the ground?

A: I remember see a lot of rocks.

Q: Were the soldiers on guard briefed on the rules of engagement?

A: Yes.

Q: Was there and SOP in place?

A: At that point the SOP was not printed, however, all soldiers were briefed on the rules of engagement and they were printed and handed out to the soldiers.

Q: At what point would deadly force be authorized?

A: In defense of self or others or in defense of detainees. It was not authorized to stop an escape.

Q: Were the MPs in the yard in danger during the incident?

A: Absolutely

Q: Was the use of a rifle authorized for shooting into the yard?

A: There was no clear guidance on the use of rifles. I believe if the tower did not use a rifle at least one MP would have been killed or seriously injured.

Q: Who conducted the 15-6 investigation?

A: The 400<sup>th</sup> MP BN. CPT [REDACTED] I think he was the SA. [REDACTED] 7C3603

Q: Were any MPs injured during the incident?

A: Yes at least one, SGT [REDACTED]. He went back into the compound to attempt to pull out a female MP who was pinned behind the generator. I was told the detainees were hitting him with rocks and he was the target for the detainee with the spear.

Q: Do you have you wish to add to this statement?

We then attempted to conduct a head count to account for all detainees. The detainees refused to cooperate and QRF was dispatched. Upon arrival of the QRF the detainees were informed no releases would be made until a count was conducted. The detainees then stood in line and were counted. Less than two hours later about 15 prisoners were released and the remaining detainees were very agitated and looking for an excuse. A little while later I heard the QRF once again was deployed and less than one minute later I heard gun shots coming from the yard. CPT [REDACTED] and I ran towards the yard and as I approached I saw three MPs taking cover behind the generator in the yard. I yelled to them to exit the yard. CPT [REDACTED] myself, and some members of the QRF entered the yard. We motioned to the detainees to get down; a few detainees complied but most did not. One detainee was yelling and trying to stir up the rest of the detainees. He was removed from the compound and put in Compound C. After this detainee was removed, the rest were compliant and we began to evacuate the injured detainees. Once the injured detainees were removed, I checked on the MPs that were behind the generator. SGT [REDACTED] was hit by a rock and went to the aid station, the rest were ok but shaken up. I then began an investigation into the shooting. I went to each tower and talked with the soldiers, photographed the shell casings, photographed the view from each tower and collected the shell casings. I then went to the yard and photographed the tent poles the detainees were throwing and some of the large rocks and some blood on the ground where the detainee was shot. The soldiers were relieved from the towers and I obtained voluntary statements from all the tower soldiers and from the three soldiers that were pinned down in the yard.

WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:  
 OK 13 Jun 03, myself and SPC [REDACTED] were assigned to tower 7. I was assigned to outer perimeter watch and SPC [REDACTED] was on inner. The tower was about 120 to 150 meters away from the inside of the compound. I heard loud noises and shouting coming from the compound. SPC [REDACTED] told me something was going on inside the compound. I turned around and saw some detainees picking up rocks and throwing them. I also saw detainees picking up tent poles and one detainee threw a tent pole and it landed right at the feet of an MP. SPC [REDACTED] asked me if he should shoot I told him shoot. SPC [REDACTED] shot one round with his assigned shotgun, and I called in shots fired on the radio. After the shot was fired about 30% of the detainees went to their tents. The rest of the detainees were throwing rocks and some still had tent poles. Right after SPC [REDACTED] fired the rest of the towers opened fire on the detainees who were throwing rock and holding spears. I believe SPC [REDACTED] fired a couple more rounds. Some detainees dove for cover, some ran to the tents and as soon as they were no longer a threat the towers ceased to fire.

Q: Do you believe the ROE were followed?

A: Yes.

Q: Do you believe the MPs on the ground were in mortal danger?

A: Yes.

Q: How many MPs were on the ground during the incident?

A: I think it was between three and five MPs.

Q: Where were the MPs during the incident?

A: They were about centered outside compound B and were moving toward the generator for cover. (See sketch attached)

Q: Where was the detainee with the tent pole in relation to the MPs?

A: He was about 12 meters away. (See sketch attached)

Q: Were any shots fired after the detainees ceased to be a threat?

## WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

On 13 Jun 05, I was assigned tower duty with SPC [REDACTED] 7C1661. I was assigned to watch the outer perimeter. SPC [REDACTED] 7C4664 was assigned to watch the compound and he had the shotgun. I heard people yelling from inside the compound; SPC [REDACTED] asked me what to do. I turned around and saw a detainee running toward the wire with a tent pole reared back like a spear and he was closing on one of the MPs from the 400<sup>th</sup> MP Company. I told SPC [REDACTED] to shoot and just before he shot I heard another tower shotgun fire. It appeared that the detainee attempted to throw the spear but I think he was shot just before he launched the tent pole. I thought the detainee tried to dive for a tent after he threw the spear, but he must have fallen from getting shot. After the detainee with the tent pole went down, the other detainees stopped throwing rocks and the MPs regained control.

A: Yes.

Q: How many MPs were on the ground during the incident?

A: I think it was between five and six, I'm not sure because I focused on the MP who was the target.

Q: Where were the MPs during the incident?

A: They were outside the wire of Compound B and trying to move to the generator for cover.

Q: Where was the detainee with the tent pole in relation to the MPs?

A: He was running towards the MPs and was about 12 meters away when he got hit.

WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH.

While stationed in Iraq as a compound guard at Abu Ghariib prison, a riot started. Myself and Sgt [redacted] were inside the compound when detainees from both Alpha and Bravo compound started to ask for water. Due to soldier safety we told the prisoners that as soon as one more guard arrived they would be taken for water. The detainees then started banging on the sides of their water jugs screaming for water. I went out and explained to them that we were waiting for one more guard who should be arriving shortly and once he arrives they will get their water. I went to Sgt [redacted], who at the time was on the radio explaining the situation and calling for one guard to step into the compound when I heard a commotion from Bravo compound. I stepped out to see what was going on when I noticed several detainees with rocks and tent poles. I quickly pointed this out to Sgt [redacted] who called for QRF. When she called for QRF we stepped out and started telling the prisoners to drop their weapons. After the second time we told them Sgt [redacted] arrived and told them to drop the rocks and tent poles. Just then I felt a rock impact on my left ankle when I turned to Alpha compound I noticed several more rocks had already been thrown at which time Sgt [redacted], Sgt [redacted] and I ran for cover behind a generator. While behind the generator I noticed guards at the Entry Point waving us to them. I pointed this out to Sgt [redacted]. Sgt [redacted] then told us to run to them. At our arrival QRF arrived and entered the compound and started bringing the wounded to the medical station.

Q: When was the first shot fired?

A: As soon as we were behind the generator

Q: Did you perceive your life to be in danger at any time during the riot incident?

A: Yes. Even though we stayed a third compound had prisoners in it which still would have been able to strangle us with rocks and tents while we were behind the generator because they were behind us.

Q: If there was no third compound do you feel that your life was in danger?

A: Yes because they could still hit us as we ran from the generator to the entry control point. END of statement

## WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

I was stationed with the 72<sup>ND</sup> MP Company in Iraq. I was in Iraq from about 21 May 03 until October 03. I worked at the Abu Ghraib confinement facility. I was a platoon leader there. My daily duties included being in charge of the night shift, which entailed the prisoners out in the yard as well as in the hard site. I primarily worked at night, but I had other duties as well. On approximately 13 Jun 03, at about 1530, I was at the Baghdad International Airport. I was in line to buy some items for our Company Post Exchange. I heard radio traffic that said something about me having to return to the confinement facility because of a riot that was going on. I then returned to the confinement facility which took about 40 minutes. Upon my arrival there everything was over. I was told by some soldiers that the inmates had began throwing rocks and loosened up tent poles and attempted to use them against the Military Police (MP) that were inside the yard. I was walking around with ISG [REDACTED] and they were making preparations for the body to be picked up. After that an ambulance came and some soldiers were sent with the body. I think after that they had the personnel involved in the shooting provide some sworn statements about what happened. Also I remember them keeping the weapons that were involved in the shooting away from the soldiers involved. I remember seeing one of the soldiers that had been hit with a rock at medic station being treated by the medics. He had a huge welt on one of his shoulders.

Q: SA [REDACTED]

A: CPT [REDACTED]

Q: When you returned to the confinement facility, who told you that the inmates had been throwing rocks?

A: I don't remember who told me.

Q: Did anyone describe to you in what way the inmates had attempted to use the tent poles against the MPs?

A: I don't recall.

Q: Was it an American ambulance that came and took the body?

A: No, it was an Iraqi ambulance.

Q: Who were the soldiers that were sent to accompany the body of the deceased inmate in the ambulance?

A: That I don't remember.

Q: Who were the soldiers that were told to provide statements regarding their involvement in the shooting?

A: SGT [REDACTED] SPC [REDACTED] and someone else whom I don't remember.

Q: Were these soldiers all assigned to the 72<sup>ND</sup> MP Company?

A: Yes.

Q: Do you know the location of these soldiers now?

A: SGT [REDACTED] got out of the military and lives in [REDACTED] SPC [REDACTED] is still in the unit. I think SPC [REDACTED] went on active duty.

Q: Who did the soldiers give their statements to?

A: I don't know, but I think they ended up at the battalion.

Q: Did you ever take photographs of the inmate that killed during the riot?

A: Yes, I was told to by ISG [REDACTED]

Q: What did he tell you?

A: I was signed for the company camera. ISG [REDACTED] knew this and told me to get the camera. He then accompanied me to the motorpool area where the body was located. Prior to going to the motorpool.

A: I don't know.

Q: Was it common to take bodies to the motorpool?

A: That was the first time that I recall.

Q: What was the condition of the body when you arrived at the motorpool?

A: It was wrapped in some sort of cloth. *7C4b664*

Q: What happened when you and ISG [REDACTED] arrived at the motorpool?

A: Someone was guarding the body. I don't remember who. we asked them to unwrap the body so that we could take pictures of the entrance and exit wounds. We took some photographs. I don't remember how many and they wrapped the body back up and we left. Shortly after that, the ambulance arrived.

Q: What did you do with the photographs?

A: I think they were provided to the battalion so they could conduct an investigation.

[REDACTED] WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

I was stationed in Iraq from about March 03 until October 03. I worked at the Abu Ghraib confinement facility. My daily duties were to guard prisoners. On about 13 Jun, I was on the Quick Reaction Force (QRF). I was informed that a prisoner had escaped. Me and SGT [REDACTED] ran him down and brought him back to the tent. About 20 minutes later, we heard over the radio that a riot was occurring. We staged ourselves just outside the confinement area. I saw a bunch of rock being thrown by the prisoners at the guards. I ran to the entrance to the compound and motioned for the guards inside to come to me and get out of there. The last guard that was coming hid behind a generator. I told him to get out of there. As he took off, a prisoner cocked back with a tent pole as if he was going to throw it at the guard. When he did this, shots rang out from three towers and the prisoner ran back into a tent. After that, we got the entire QRF and we stopped the riot and started first aid on some of the wounded detainees.

[REDACTED] WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:  
I was stationed in Iraq from about March 03 until October 03. I worked at the Abu Ghraib confinement facility. My daily duties were to guard prisoners. On the day of the riot, 13 Jun 03, I was working on the day shift, which was from 0400 to 1600. We were relaxing inside of the main structure that we used as living quarters. Suddenly I heard shotgun blasts. Then radio traffic stated a prisoner riot in the yard was occurring and QRF was needed. So we geared up and exited out the back door into the yard and staged at the "Sally Port". We were standing by waiting for yard personnel to give us guidance. In the meantime, I personally saw a lot of commotion, but I didn't see anything that had to do with prisoners being out of control. Finally we go in and we saw that there were some detainees that had wounds. We observed one that appeared to be a fatality. The QRF then assisted in getting wounded prisoners out of the compound and to attempt to locate the prisoners who had started the riot. After that we got the wounded prisoners out and separated the prisoners who were still acting aggressive. Approximately 30 minutes later, I was guarding a guy who had received some minor shotgun injuries, but was okay. Once he was taken, I sat down and started looking at the overall situation. All of the sudden, I'm sitting there and it seemed as though the volume in my ears felt like it was turned down. My hearing was diminishing. I thought maybe I had been struck up side the head, but did not recall being touched at all. I thought I should get up and leave and I attempted to get up and all the muscles in my legs felt like rubber and I couldn't get up. Not being able to stand up, SGT [REDACTED] came around and asked me if I was alright. I told him that I couldn't stand up. I was placed on a litter and taken inside. Once inside, I was laying there and felt as if I was in a dream. I was so relaxed and couldn't feel anything. I wanted to go to sleep. I remember telling SGT [REDACTED] that I wanted to go to sleep. I could hear SGT [REDACTED] saying that I couldn't go to sleep because if I went to work, I may not be able to get up. He told me to talk to him. I sensed desperation in his voice. I guess I was really dehydrated. I was laying there and I could hear SGT [REDACTED] but I couldn't move any part of my body. I was told that I was dehydrated and they wanted to start an IV. I told them no because I hated needles. I was told that I had to have an IV. I was given two IV bags and I then started to feel better.

Q: SA [REDACTED] 7C1661

Q: What type of medical treatment did SGT [REDACTED] provide to you?  
A: To the best of my knowledge, just conversation. We had plenty of medical personnel there.  
Q: In addition to the heat, did you have any problems with stress during or immediately after the riot?  
A: I don't know. I was just generally concerned.  
Q: Do you recall having a problem breathing during your heat injury?  
A: I don't recall, but I was later told by someone whom I don't remember, that my skin color had changed and I appeared to have been having a problem breathing.
